

Wetland Characterization

Beginning with
HABITAT

This map is intended for planning purposes only and should not be considered a comprehensive inventory of plant and animal occurrences.

It is possible that features may be present that are not mapped or that do not appear on the map. Habitat features illustrated are based on limited field surveys, aerial photo interpretation, and computer modeling. Many areas have not been completely surveyed. Map users should consult with the Beginning with Habitat program (www.beginningwithhabitat.org, 207-287-5254) to verify that the data illustrated is complete and current. This map was generated from the Beginning with Habitat Online Map Viewer.
